CHAMBORD CERAMIQUES

Historiquement cet évier avait des formes généreuses avec notamment des cuves profondes, massives et robustes et des lignes élégantes.
Ces lignes n'ont pris aucune ride, comme les lignes de ce cabriolet CITROËN de 1939 (voir photo) elles demeurent toujours très élégantes à ce jour.
C'est aussi vrai pour toutes les voitures mythiques de cette époque : Bugatti, Aston Martin, Jaguar, Porsche, Ferrari, Ford...

Qu'y avait-t-il de mieux pour symboliser ces pièces historiques céramiques haut de gamme que CHAMBORD :

L'art de vivre à la Française ?

En France il y a beaucoup de châteaux très connus comme CHENONCEAU, VERSAILLES, CHAMBORD... mais il y a aussi des châteaux plus petits appartenant à des propriétaires privés.
Dans chaque château il y a une cuisine avec un évier ancien type CHAMBORD, d'où l'idée de cette gamme d'éviers.

Ainsi est née la marque CHAMBORD ! Fondée par Jean Jeuland.

Le château français de CHAMBORD, dont l'intemporalité semble éternelle, connaît un succès grandissant auprès des touristes du monde entier.

CHAMBORD CERAMICS

*Historically this sink was generously shaped to include particularly deep, solid, strong bowls with elegant lines.
These lines have not aged at all, and, like the shape of this 1939 CITROËN convertible (see photo) they remain very elegant to this day.
As is true for all legendary cars of that time : Bugatti, Aston Martin, Jaguar, Porsche, Ferrari, Ford...*

What better way to symbolize these historic high-end ceramic pieces than CHAMBORD:

The French art of living ?

*There are many well known castles in France such as CHENONCEAU, VERSAILLES, CHAMBORD... but there are also smaller castles which belong to private owners.
In each castle there is a kitchen equipped with an old Chambord style sink, hence the idea for this range of sinks.*

And thus the CHAMBORD brand was born ! Founded by Jean Jeuland.

The French castle of Chambord, whose timelessness seems eternal, enjoys growing success with tourists from all over the world.

LA CÉRAMIQUE

La céramique est le produit idéal pour la cuisine.
Il est le matériau le plus facile d'entretien.
Insensible à la température et parfaitement hygiénique.

C'est un matériau noble qui réclame un savoir-faire manuel,
fruit de longues années d'expérience. Dans notre fabrique,
trois générations se sont succédées dans l'univers
de la céramique.

Si elle est à la pointe des nouvelles technologies
pour vous garantir des produits de grande qualité,
la main de l'homme est essentielle
pour garantir une qualité optimale.

Toutes nos productions haut de gamme
sont finies et contrôlées à la main par des hommes
et des femmes hautement qualifiés
et expérimentés.

FIRECLAY

*Fireclay is perfect for use in your kitchen.
This material is the easiest to keep spotless,
it is resistant to any temperature you could subject
it to and it's a breeze to clean and disinfect.*

*It is also a noble material which demands manual skill
and expertise to produce, expertise which can only be gained
through long years of experience. In our factory,
we've been working
with it for three generations, and while we work
at the cutting edge of technology to bring our clients
the highest quality products, we rely on manual skill
and dexterity to ensure excellence.*

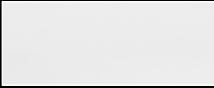

*All of our high-quality manufactured products
are manually finished and checked by our highly qualified
and experienced team of professionals.*

GRANITE OF CHAMBORD

La quintessence du Quartz

Chambord présente sa nouvelle gamme Granite of Chambord. Des éviers de haute qualité dotés d’une durabilité hors du commun. C’est grâce à un mélange parfait de matières que nous obtenons notre Granite of Chambord. Notre fabrique puise sa matière première au cœur de carrières de granit. Le quartz compose donc à 85% notre Granite of Chambord, ce qui lui confère cet aspect si proche de la pierre naturelle.

Le Granite of Chambord résistera autant aux rayures et aux impacts qu’aux températures élevées pour un confort de qualité. Outre l’avantage pratique, Granite of Chambord est composé d’une large palette de designs mêlant modernité et esprit rétro pour des résultats intemporels. Le matériau permet également d’obtenir des couleurs intenses et profondes.

GRANITE OF CHAMBORD

The epitome of Quartz

Granite of Chambord is a perfect combination of materials offering the highest quality and durability. Our factory draws its primary material in Granite quarries. The composition is made of 85% of Quartz, which gives our sinks a very natural aspect. Our Chambord Composite sinks are as tough as natural stone and they offer many benefits such as excellent resistance to scratches, impacts and high temperatures.

Furthermore, and like our other ranges, they are easy to clean and to maintain. Besides being very practical, this Granite of Chambord range offers the best designs and the deepest and most intense colours. Our sinks are made to last over time and to complement and enhance your kitchen

INSPIRATIONS

INSPIRATIONS

Philosophe

La collection Chambord est la rencontre du luxe et d'un savoir-faire français authentique. En mettant à l'honneur un des patrimoines historiques les plus riches qui soit, Chambord fait entrer l'Histoire dans votre cuisine et lui apporte une touche d'exception.

De la conception à la production, de la matière à la finition, c'est tout l'art français qui s'exprime à travers chacune de nos réalisations. Elles bénéficient ainsi d'une maîtrise tout autant artistique que traditionnelle, donnant un cachet d'excellence à votre intérieur.

Choisir Chambord, c'est décider d'unir des siècles d'histoire et de prestige à votre cuisine.

Choisir Chambord, c'est décider de vivre le véritable luxe à la française.

INSPIRATIONS

Our philosophy

The Chambord collection is a harmonious blend of luxury materials and authentic French expertise. Our rich, historical heritage shines through our products, so when you choose Chambord, you are choosing to imbue your kitchen with the wealth of our history and a touch of the truly exceptional.

From design to manufacture and from the raw materials to the finished product, the power and beauty of French craftsmanship is expressed in each one of our products. A masterful blend of art and tradition, these will give your interior an aura of excellence.

By choosing Chambord, you are choosing to bring centuries of history and prestige into your kitchen.

By choosing Chambord, you are choosing a real sense of luxury à la française.

ROBINETTERIE

TAPS

ROBINETTERIE

La robinetterie est une pièce essentielle de la cuisine.
Nous l'avons imaginée en accord avec les maitre-mots
de notre collection : authenticité et qualité.
Authenticité, grâce à nos « fabriques »
qui cumulent des dizaines d'années
d'expérience et des références
dans le monde entier. Qualité,
grâce à un savoir-faire dans l'innovation
et dans le respect de la tradition.
Toutes les robinetteries Chambord sont
vérifiées et controlées manuellement
pour vous garantir une qualité parfaite.

TAPS

*Taps are an essential object of every kitchen.
We have designed our taps based upon the key words
of our collection : authenticity and quality.
Authenticity, thanks to our workshops
who combine decades
of experience with world wide references.
Quality, thanks to know-how in innovation while
respecting tradition.
All Chambord taps are checked and inspected manually
to guarantee you a product of perfect quality.*
